# EARTH DAY CLEANUP

**1,592 VOLUNTEERS**

**27 TONS OF TRASH**

**109 TIRES**

**34 SITES IN THE CLEANUP**

On April 22, 2023, nearly 1,600 Anacostia Watershed Society Earth Day Cleanup volunteers joined forces to work together for a healthier Anacostia River. At 34 sites throughout the watershed, community members of all ages united to clean up trash and debris that would otherwise flow into the river.

#AWSEarthDay volunteers cleared out more than 20 tons of trash (that's as much as a whale shark!) from the DC region's neighborhood parks and streams. This year we focused our efforts on cleaning up plastic pollution, hoping to shine a spotlight on this persistent source of pollution.

Thank you to our volunteers, site leaders, sponsors, and government partners for another fantastic day for the Anacostia River!
